Volume 8 Number 1 March 1988

1 P. Soares-da-Silva & I. Azevedo: Differential effects of 6-hydroxydopamine on the two types of nerve vesicles and dopamine and noradrenaline content in mesenteric arterial vessels

11 V. Piercy: The β-adrenoreceptors mediating uterine relaxation throughout the oestrous cycle of the rat are predominately of the β_2-subtype

19 P. Dorigo, G. Ceroni, A. Giacometti, E. Valentini, R. M. Gaion & I. Maragno: The response of isolated guinea-pig aorta to amrinone

29 R. M. Eglen, M. M. Huff, W. W. Montgomery & R. L. Whiting: Differential effects of pertussis toxin on muscarinic responses in isolated atria and smooth muscle

39 J. Roquebert & C. Delgoulet: Cardiovascular effects of etorphine in rats

45 Taeko Hata, T. Kita, E. Itoh & A. Kawabata: The relationship of hyperalgesia in SART (repeated cold)-stressed animals to the autonomic nervous system

53 C. S. Venugopalan & N. A. O'Malley: Cross-desensitization of VIP- and NANC-mediated inhibition of the guinea-pig tracheal pouch

63 S. S. Hegde & M. F. Lokhandwala: Involvement of cyclic-AMP in the hypotensive response to fenoldopam but not to quinpirole in the anaesthetized rat

Volume 8 Number 2 June 1988

69 S. A. Doggrell: No evidence for the differential antagonism of the initial fast and secondary slow contractile responses of the rat portal vein to phenylephrine, 5-hydroxytryptamine or methacoline

79 Chuen-M. Yang, P. Murali Mohan, T. M. Dwyer & J. M. Farley: Changes in affinity states during down-regulation of muscarinic receptors in tracheal smooth muscle of organophosphate-treated swine

93 P. Murali Mohan, Hsiu Ming Huang Saunders, Chuen-M. Yang, T. M. Dwyer & J. M. Farley: Contractile responses of tracheal smooth muscle in organophosphate-treated swine: 1. Agonist changes

107 P. Murali Mohan, Chuen-M. Yang, T. M. Dwyer & J. M. Farley: Contractile responses of tracheal smooth muscle in organophosphate-treated swine: 2. Effects of antagonists

119 Y. Fukushi, M. Wakui & H. Suzuki: Two α-adrenergic contractions with different Ca^{2+} activation mechanisms in response to field nerve stimulation in the circular smooth muscle of guinea-pig vas deferens

127 P. Soares-da-Silva: Further evidence for a noradrenaline-independent storage of dopamine in the dog kidney

135 R. M. Gaion, P. Dorigo, B. Trolese, E. Borin, R. Adami & L. Gambarotto: Involvement of P_1-purinoreceptors in the relaxing effect of adenosine in rat duodenum

141 N. I. B. Amobi & I. C. H. Smith: Adrenergic modulation of 'non-adrenergic' twitches in the rat vas deferens

Review

153 K. R. Borkowski: Pre- and postjunctional β-adrenoreceptors and hypertension

Volume 8 Number 3 September 1988

173 K. Vidal-Beretervide & L. Castañeda: The isolated rat portal vein as a model for studying β-adrenoreceptor agonists and antagonists

181 R. M. Eglen & R. L. Whiting: Comparison of the muscarinic receptors of the guinea-pig oesophageal muscularis mucosae and trachea *in vitro*

191 P. Dorigo, R. M. Gaion & I. Maragno: Negative and positive influences exerted by purine compounds on isolated guinea-pig atria

197 J. R. Docherty: Pertussis toxin and pre-junctional α_2-adrenoreceptors in rat heart and vas deferens

203 T. C. Muir & K. A. Wardle: The electrical and mechanical basis of co-transmission in some vascular and non-vascular smooth muscles

219 A. Dyke & J. A. Angus: Comparative assay of neuronal uptake and autoinhibitory feedback in guinea-pig and rat atria

229 J. A. Hey & M. C. Koss: $Alpha_1$- and $alpha_2$-adrenoreceptor antagonists produce opposing mydriatic effects by a central action

241 S. G. Kamerling, W. M. T. Cravens & C. A. Bagwell: Dose-related effects of detomidine on autonomic responses in the horse

251 C. L. Armour, P. R. A. Johnson, R. Marthan & J. L. Black: Prostaglandin $F_{2\alpha}$ augments the response to parasympathetic fibre stimulation in an isolated innervated preparation of rabbit trachea

259 Lay Khoon Choo, F. Mitchelson & P. Napier: Differences in antagonists affinities at muscarinic receptors in chick and guinea-pig

Volume 8 Number 4 December 1988

267 M. A. Petty, J. Kintz, G. F. Di Francesco & J. R. Fozard: Comparison between the cardiovascular effects of 8-hydroxy-2-(di-n-propylamino)tetralin (8-OH-DPAT) and clonidine in the conscious sino-aortic denervated rat

277 M. J. Rand, D. F. Story & I. Sutton: A technique for simultaneously comparing the release of noradrenaline evoked by field stimulation and by propagated nerve impulses in rabbit ear arteries

287 M. J. Rand, D. F. Story & I. Sutton: Comparison of the effects of phenoxybenzamine and uptake blockade on noradrenaline efflux from rabbit ear arteries evoked by field stimulation and propagated nerve impulses

297 J. Hietala: Effects of DA-1- and DA-2- dopamine antagonists on apomorphine-induced inhibition of peripheral sympathetic neurotransmission

303 R. Yamamoto, W. H. Cline Jr & K. Takasaki: Reassessment of the blocking activity of prazosin at low and high concentrations on sympathetic neurotransmission in the isolated mesenteric vasculature of rats

311 D. F. Magee, R. F. Murphy & S. Naruse: The relationship between blood gastrin levels and gastric secretion in conscious dogs

319 P. Valet, M. A. Tran, C. Damase-Michel, G. de Saint-Blanquat, L. Dang Tran, F. Anglade, E. Koenig-Berard & J. L. Montastruc: Rilmenidine (S 3341) and the sympatho-adrenal system: adrenoreceptors, plasma and adrenal catecholamines in dogs

327 J. R. Docherty: No evidence for more than one type of α_1-adrenoreceptor in rabbit pulmonary artery

333 E. Pipili, G. Zoumboulis & M. E. Maragoudakis: Prostaglandin I_2 and thromboxane A_2 production in relation to α_1 and α_2 production in relation to α_1 and α_2-adrenoreceptor activation in the normotensive and hypertensive rat
